Category for which project/program is nominated:

There are six categories for project nominations for the Brownie Awards. You are welcome to submit the same project to multiple categories for consideration. Please submit separate forms for each category for which you are nominating.

- CATEGORY 1: REPROGRAM**
Legislation, Policy & Program Incentives
Projects or programs that: remove barriers and/or facilitate brownfield redevelopment, reinvestment and regeneration; provide models of excellence that can be applied or replicated by provincial, regional or municipal governments

- CATEGORY 2: REMEDIATE**
Sustainable Remediation & Technological Innovation
Projects or programs that: demonstrate leadership and innovation in environmental soil remediation; promote technological solutions that avoid broader environmental impacts, incorporate ecological principles through pilot projects or full-scale implementation of remediation methods; encourage use of innovative, cost-effective technologies that shift perceptions in the marketplace.

- CATEGORY 3: REINVEST**
Financing, Risk Management & Partnerships
Brownfield projects or programs that: rely on innovative approaches to stimulate new investment or facilitate collaborative partnerships to implement vision for brownfield development; innovative approaches to obtain capital financing for the purposes of economic and ecological regeneration (i.e. use of public/private partnerships), public incentives to leverage investment; facilitate innovative solutions to mitigating process risk, or improved ROI for public or private funds

- NEW! CATEGORY 4: REFOCUS**
Vision of Alternative Benefits to Brownfield Remediation
Brownfield projects or programs that demonstrate alignment with broader social initiatives and mandates; demonstrate significant improvement towards GHG reduction, climate resiliency, affordable housing, healthy communities, and/or diversity & inclusion; use alternative lenses to see remediation and redevelopment from different perspectives other than economic and environmental ones.

- CATEGORY 5: REBUILD**
Project Development: Building Scale
Brownfield projects or programs that: demonstrate excellence in site specific responses to public policy initiatives that accelerate the pace of regeneration resulting from development, promote an enhanced public realm; successfully leverage opportunities for collaboration and policy integration across different sectors; combine imaginative adaptive reuse of heritage structures that promote health and well-being.

☐ **CATEGORY 6: RENEW**

Project Development: Neighbourhood Scale

Projects or programs that: stimulate neighbourhood- scale reinvestment; use adaptive reuse of heritage and other structures to encourage integrated multi- phased redevelopment; demonstrate high levels of collaboration; inspire many land owners and investors to engage with community support of a shared vision; promote comprehensive neighbourhood transformation by re-envisioning the public realm, and improving functionality, liveability and character.

☐ **CATEGORY 7: REACH OUT**

Communications, Marketing & Public Engagement

Projects or programs that: successfully package municipal reinvestment plans and programs for regeneration and/or brownfields redevelopment in support of a community's competitiveness and long- term sustainability; demonstrate innovative approaches to build support for public/private investment and development designed to achieve intensification through redevelopment, regeneration and other reinvestment strategies; introduce a brand that enhances acceptance and understanding of brownfield redevelopment, regeneration and reinvestment.

Project/program relevance to brownfields and/or regeneration:

Please explain in 250 words or less how the project or program is linked to brownfields and/or regeneration.

Category Criteria:

Please explain in 100 words or less how this project/program fits the chosen category criteria.
